Disclaimer:

This App (WolrdHams) collects and stores following user information in secure cloud servers :

- **Name**, **Callsign**, **Handle**, **Location, ContactNumber**, **Email**, **Password**, **Profile Photo** (choose from gallery or take photo),and **Location Coordinates** (latitude and longitude, fetching automatically only at signup).

What is shared publicly(only App Uers) :

- Only **Name**, **Callsign**, **Handle**, **Antenna Height, elevation** and **Location Name** are visible to other users (Registered hams).

What is never shared publicly :

- **Email**, **Password**, **Contact Number**, and **Location Coordinates** are strictly private and never be shared publicly.
- Email and Contact Number will be used to reset password or to identify user.

Permissions: (users have to give following permission onetime)

- **Internet Permission:** As this app saves data in remote server, it required internet permission .internet permission is necessary as it fetches some data from other source which are used in radio Wave propagation prediction.

- **Location Permission**: Required once. Automatically fetch coordinates for mapping and distance measurement at the time of SignUp once. So, User(Hams) are advised to Signup only from your QTH ,because location coordinates once stored will be permanently as QTH exact location. Give location permission, which is one time permission at signup.

- **Profile Photo**: Photo is the identity of Ham. I t is mandatory to upload his/her own photo and no other photo as users use in social media sites. Photo will be seen along with Name, Callsign, Handle and location of Ham in Card View.

- **Camera Permission**: Required to take a profile photo during signup (if user have no photo in his/her photo gallery. It is one time permission.

- **Storage Permission (only media gallery)**: Required once to choose a profile photo from the gallery during signup. It is one time permission.

- **Note**: It is advised (for this app and for any other app) which asks permissions, after the use of permission is fulfilled, disable all permissions of this/other apps to protect data and privacy in general. **S**etting>**A**pp**M**anagement>**A**pp**L**ist>select **app**>**p**ermission>change its permission for camera, location, storage, internet etc, some system app does not allow to disable the required permission to run uninterrupted system.

Data Storage: All data are stored securely on a cloud secure server. Only Registered Users(Ham) are authorised to see other users'(Ham) details mentioned above only through this App and no general public can see data on google map.
